**SUMMARY**

TECHNOHULL T9 (9.0m) is a brand new day boat with enhanced offshore features. The ventilating three-step hull design, which allows air to flow underneath it, diminishes water resistance as well as overall friction on the envelope of the boat. This optimizes the RIB's performance, offering comfortable navigation in conjunction with low fuel consumption. Great attention was paid to her ergonomically designed bow angle, which cuts through the waves in a way that ensures a relaxed ride even at heavy seas or slow speeds. This versatile RIB strikes the perfect equilibrium between size, performance and comfort.

**KEY FEATURES**

- Low fuel consumption
- Astonishing design
- Marine batteries / auto charging system
- High quality outdoor upholstery
- Teak deck
- Comfortable swim ladder
- Shock Absorbing Helm Seats
- Fresh Water Shower
- AXIOM Raymarine 12", touchscreen with maps and sounder
- LED special Deck Lights
